12 YOUR PREGNANCY

## EMBRACE IT

Being pregnant doesn't mean you can't be sexy. That's why we love the Embraced maternity lingerie. It's elegant, supports you like

good underwear should, and there are different styles to suit different tastes. So before you are tempted to throw on those over-sized pj's you always wear, try this lingerie... 'cause hey, it's comfy too!

## MINI MACARON

Online shopping has never appealed to us more than when we spend an hour browsing this website. It lets you celebrate

and announce your bump and baby with style. Macaroon will create personalised baby shower invites, birth announcements, ceremony and celebration invites, thank-you cards, journals, nursery art and gifts.

## BABIES

This documentary will get your preggie hormones buzzing. Director Thomas Balmes tracks the lives of four babies from Namibia, Mongolia,

Japan and the United States, from birth to their first steps. It goes straight to the heart of four different cultures and is touching, funny and universal. Showing that sometimes, kids are just kids.
